WHY WE ARE WMCHALTH

Our Investment in Your Well-being.

WMCHalth has launched a strong employee engagement program focused on building a culture of connection, collaboration, and communication. We decided to ask our employees: What's My Why? Explain the best part of your job and working at WMCHalth. What makes WMCHalth so great?

We created our ***We Are WMCHalth Flipbook*** because we wanted everyone to see how great our team members truly are.

Our hope was to recognize our incredible staff and show our patients and community what makes WMCHalth great! The following pages include banners celebrating employee success, recognition and appreciation events, quotes we received from our team members telling us, the best of their job here at WMCHalth and more.

We encourage you to turn the pages to our WMCHalth Flipbook and learn more about our great team members.

We Are WMCHalth

"The **best part of my job** is seeing our patients getting better with the care we provide."

– Maria Riccardi

"The **best part of my role and responsibilities** is the relationships I have created with team members throughout the organization and network."

– Marie Yezzo

"The **best part of my job** is being a appreciated."

– Teisha Mcleod

"**My team** who are all independent and can be relied upon to put in the extra effort when needed."

– Yolanda Brown

"The **best part of my job** is definitely the colleagues I work with, we work as a cohesive unit to make each other thrive through good and difficult times."

– Brian Zarelli

"I am treated with respect, given daily encouragements and paid well. I feel recognized for my hard work and valued as a **good team player.**"

– Soneena Karamat

"I feel rewarded when I leave my patient better than how I found them."

– Beverly Kontis

"The **best part of my job** is navigating nursing care for the pediatric population that seeks medical care at MidHudson Regional Hospital. Whether it is inpatient or emergency care, it is my priority to provide and oversee the extraordinary care provided to our pediatric patients."

– Kathleen Donovan

"The **team effort** and the wealth of having such knowledgeable and caring co-workers. These components contribute to our shared goal, patient health."

– Richard Glover

“The management support. I never feel like it is me against leadership. We all work together and they push you to achieve your best.”

– Crystal Henshaw

“My coworkers and the wonderful satisfaction of making a difference in the lives of my patients. I work with the best team of nurses who truly have the best interest of our patients at heart and strive to give excellent care everyday!”

– Jane Gerencser
